Portfolio | GitHub | LinkedIn

PROFILE

Advanced Informatics undergraduate building web applications with role-based workflows, SQL data models and reproducible tests. Paid work includes WordPress customization and two Voxgig technical exercises. Seeking junior development, web support or functional QA work.

PAID ASSIGNMENTS

WordPress Plugin Customization | First Cognition via Upwork | Portfolio

November 2025 - January 2026 | One freelance assignment

Adapted a blog and articles plugin to the client's reference design. Public portfolio includes a separate PHP/WordPress lab with documented integration checks.

SDK Generation & Technical Review | Voxgig Ltd | GitHub

October 2026 | Two paid technical exercises

Generated an unofficial TypeScript SDK, verified its generated suite and API behavior, and delivered a reproducible Jostraca review. Source and developer experience report available.

Additional freelance work: three Photoshop photo-editing assignments through Upwork.

SELECTED ACADEMIC & PERSONAL PROJECTS

UDO Thesis Management | Java 21, Spring Boot, JPA, SQL

Academic workflow from proposal to committee review and defense scheduling. Role permissions, document versions and activity history; synthetic demo and verification evidence. View case study.

CasePilot | Python, SQLite, JavaScript

Support-ticket application with role permissions, edit-conflict detection and transactional CSV imports. HTTP and frontend regressions verify concurrent edits and preserve user drafts. View source and tests.

PaySub | PHP, Laravel, React, SQL

Subscription plans and manual bank-transfer review with API role/ownership checks and private receipts. Tested portfolio demo; no live payment gateway. View source and tests.

TECHNICAL SKILLS

Web: PHP, Laravel, WordPress, Python, Flask, Django, JavaScript, React, HTML/CSS.

Data & delivery: SQL (MySQL, PostgreSQL, SQLite), Git, REST APIs, regression testing.

Functional QA: reproduce defects, check permissions and validation, document expected vs. actual behavior.

EDUCATION & LANGUAGES

Licenciatura en Informática | Universidad de Oriente, Núcleo Sucre
